## OAE & AABR in one hand held screening device

- ▶ **TEOAE-screening:** quick, easy, reliable, inexpensive, clinically validated
- ▶ **Automatical ABR-measurement:** The "gold-standard" of audiology for screening with highest specificity
- ▶ **The modular combination** increases validity, saves time and money
- ▶ **Approved TOAE-technology** combined with the unequalled performing specificity of an **ABR-screening test**
- ▶ **Clinically fully tested signal statistical algorithms** for OAE and AABR
